Ages & Stages Overview - Infant Toddler to Pre-K - Child Growth & Dev. - *Advanced Level -- Janice Barnett*

This training will provide participants with an overview of the Ages & Stages Questionnaires. Ages & Stages is a screening program designed to be completed by parents or caregivers to pinpoint developmental progress in children between the ages of one month to 5 1/2 years. Participants will practice scoring and interpreting the tool. Handouts will be given as well as strategies for success. This training is geared toward teachers, directors, family providers and parents.

Autistic! Autism Awareness - Observation & Assessment; *Environment & Curriculum - Intermediate Level* *Sydney Cheesebrough*

Welcome to Autastic! Autism Awareness training developed for Infant/Toddler and Preschool providers. This training offers a large inventory of information about the most current research on Autistic Spectrum Disorder, strategies and tips for working with a child diagnosed with an Autism Spectrum Disorder, local resources available, history, statistics and more!

The Art of Childhood - *Environment & Curriculum - Advanced Level -- Amy Morrow*

This training will explore various ideas to offer children art, music and dramatic play in ways that are fun and engaging for the child while supporting their learning and development. This training is available to all providers who work with Preschool Age Children.

Being a Good Role Model - *HSN, Child Growth & Dev., Environment & Curriculum - Basic Level* *Renee Stonebraker*

This training focuses on how adult's words and actions can affect children's health habits, including personal hygiene, food choices and physical activity.

Childcare Emergency Preparedness - *Family and Community Relationships - Basic Level - Missy Anderson* Participants will learn techniques on how to be prepared for natural disasters and emergency situations

Circle Time Activities - *Child Growth and Development - Basic Level - Missy Anderson*

Circle time provides opportunities for children to develop listening skills, a time for auditory memory, a time for sensory experiences and a time to get to know each other. This training provides activities and hands-on experiences to introduce into your classrooms

Communicable Diseases - *HSN - Basic Level - Addy Morris*

Communicable diseases are common in child care settings. This training will provide information about how to recognize and treat common childhood infectious disease. This includes information about symptom recognition and guidelines for exclusion.

Cultural Connections in Child Care Today - *Family & Community Relationships - Intermediate Level - Chris Gillis* This training will discuss the importance of connecting with young children by learning who they are and how to develop a deeper understanding of their attitudes, values and beliefs.

Does That Make Sense? Understanding Sensory Processing in Children - *Child Growth and Development - Intermediate Level -- Linda Reeves*

This hands-on training looks at how all areas of child development are impacted by information that is processed through the sensory systems - seeing, hearing, smelling, tasting, touching and moving. This workshop will provide fun and meaningful sensory integration activities that are a necessary part of development for every child, whether they have a sensory processing disorder or not. Participants will learn how to develop a sensory rich environment for children or all ages.

Indoor Outdoor Safety - *HSN - Environment and Curriculum - Basic Level -- Renee Stonebraker*

This training reviews common injuries for children, including falls and poisonings, preventive measures to reduce the risk of injury, and playground safety.

Training Topics Offered January - March

ITERS - Importance and Value in the Classroom - *Envir. & Curriculum- Intermediate Level -- Janice Barnett*
The Infant/Toddler Environment Rating Scale-Revised is designed to assess group programs for children from Birth to 2 1/2 years of age. This training will provide an overview of the ITERS and allow participants the opportunity to practice observing and rating infant/toddler classroom environments. Each participant will be provided an ITERS-R workbook. The training is geared to center directors and infant/toddler teachers.
