

## Professional Development How Will "Training" Be Impacted?"

As we move forward toward opening schools, and businesses, it is still very clear that we must continue to follow the guidelines by social distancing, wearing masks, washing your hands frequently and not sharing personal items.

When CCRC provides trainings we typically sit near one another, talk, laugh, and share experiences and sometimes personal items like pens and markers. So how will CCRC continue to offer professional development opportunities and still follow the guidelines?

### **Most of our trainings will be offered virtually!**

*So now is the time to become familiar with CCRC's online trainings offered through WVSTARS.*

We will offer a few face-to-face trainings, however there will be limitations on registration so we can social distance. Most of our training locations are not large enough to accommodate many participants.

In addition to CCRC's trainings - there are many other online trainings available on the WVSTARS website that you can register to attend.

# Brittany Sloneker - Child Care Specialist

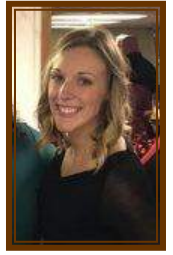

My name is Brittany Sloneker and I joined the CCRC team in March as a Child Care Specialist. I graduated from Ashford University with a Bachelor's degree in Early Childhood Education in 2015. For the last 9 years I was a young pre-k teacher at the WVU Medicine Child Development Center.

I enjoy spending my free time with my family and dogs, Maggie and Mia. I take pride in challenging myself to be a stronger person both physically and mentally at CrossFit Ridgeline.

I am beyond excited to be apart of such an amazing team and look forward to helping families throughout our county.

My home office will be located at CCRC's Morgantown location and I can be reached by phone at 304-292-7357 or email at [brittany.m.sloneker@wv.gov](mailto:brittany.m.sloneker@wv.gov).
